Leather Excursion

On Tuesday 27 June seventeen of us headed off to Mt Gravatt Men's Shed. Rod and his team have been going for about four years. They have produced many items and developed a number of skills over that time including making some of their own tools. We would like to thank the men for welcoming us and hosting us so well.

We found a few projects to get us started. We came away with a greater understanding and appreciation of the craft.

Looking Back

Last Friday our guests were Dr Neville Buch and some of the Sunnybank District History Group. The group meets on the first Saturday of each month between 1 pm and 3 pm at the Sunnybank Hills Library. About 48 people were present to hear about and see various maps dating from 1886. Neville also showed some aerial photographs from 1944 and 1960. Originally Aborigines lived largely along the Bulimba and Oxley Creeks. Boundary and McCullough Roads were built by convicts to link Ipswich to Port Cleveland. Settlers moved into the area from the late 1870s. The railway line opened in 1885. Runcorn School started as a bush school in 1901.
