Building at Bunnings

Just before Christmas Des, Ted, Alan and Ken conducted a DIY Night at Bunnings. Children (or any interested adults - & there were a number) could choose between assembling a doll's bed or a small car from pre-cut wooden pieces.

Both activities were very well attended and within an hour all the available pieces were fitted together. The finished article could be taken home to be painted and decorated. No thumbs were damaged in the hammering of nails but much glue was dispersed. Everyone enjoyed themselves!

From the Past

Mike brought along some wooden planes. His grandfather and father were pipe organ builders. There was a great range in size and function.

Con and his wife celebrated their 60th wedding anniversary. The Queen, Governor-General and the Men's Shed congratulate them!

For the Present

Maurice is continuing the setting up of the new tool shadow board. He likes to outline his plans. It's taking shape nicely.

Peter is working on the folding tool boards. If you can't find it on this board, simply turn the page. Things are much easier to find already!

My Health Record

My Health Record is the national digital health record system. This means your important health information like allergies, medical conditions and treatments, medicine details and test or scan reports can be digitally available in one place. Healthcare providers like doctors, specialists and hospital staff may be able to see it online from anywhere at any time when they need to, like in an accident or emergency. As more people use this system, Australia's national health system will become better connected. This will result in faster and more efficient care for you and your family.

There are strict rules on who can see and use your My Health Record. You don't need to worry about having to remember and repeat your health history to different healthcare providers. You can access your health information from a computer, tablet or mobile device.

That's Funny!

I couldn't believe that the highway department called my dad a thief.
But when I got home, all the signs were there.

Have you heard about corduroy pillows? They're making headlines.

I told my friend 10 jokes to get him to laugh. Sadly, no pun in 10 did.

Why do the French like to eat snails? They can't stand fast food.

A woman walks into a library and asked if they had any books about paranoia.
The librarian said, "They're right behind you!!"

**The other day, my wife asked me to pass her lipstick but I accidentally passed her a glue stick.
She still isn't talking to me.**

A Big Thank You
